

PERSONAL PROTECTIVE EQUIPMENT (PPE) POLICY

Prism energy will always ensure the provision of personal protective equipment at all sub-projects and regularly inspect that PPEs are utilized adequately and maintained properly in accordance with the risk assessment of each activity to ensure the safety and health of employees/workers with understanding that the use of PPEs is not just a compulsion but will lessen the likelihood of occupational injury and/or illness.

Prism Energy will provide guidance, training, and assistance to the contractors, work supervisors, and employees on the proper use, care, maintenance, and cleaning of the approved PPEs.

Prism Energy will ensure that all contractors conducted Risk assessments to regulate the risk at any workplace, which necessitates the use of PPE.
